

SPENCE, BAGGS & CO.

SUGAR KETTLES.

TO THE TRADE.

In again presenting our ILLUSTRATED CATALOGUE to our patrons, we would take this method of returning our thanks to all who have favored us with their orders, and to solicit a continuance of the same. We shall try to make it to your interest to still favor us with your patronage, and will endeavor to furnish you Stoves Equal to Any in the Market. To those who have not as yet dealt in our stoves we would say, please give us a trial.

Yours Respectfully,

SPENCE, BAGGS & CO.

TRIMMINGS.

When ordering Cooking Stoves, please state whether they are wanted without cast ware, with cast ware, or full trimmed.

With a Naked Stove will be sent one Lid Lifter and one Stove Scraper.

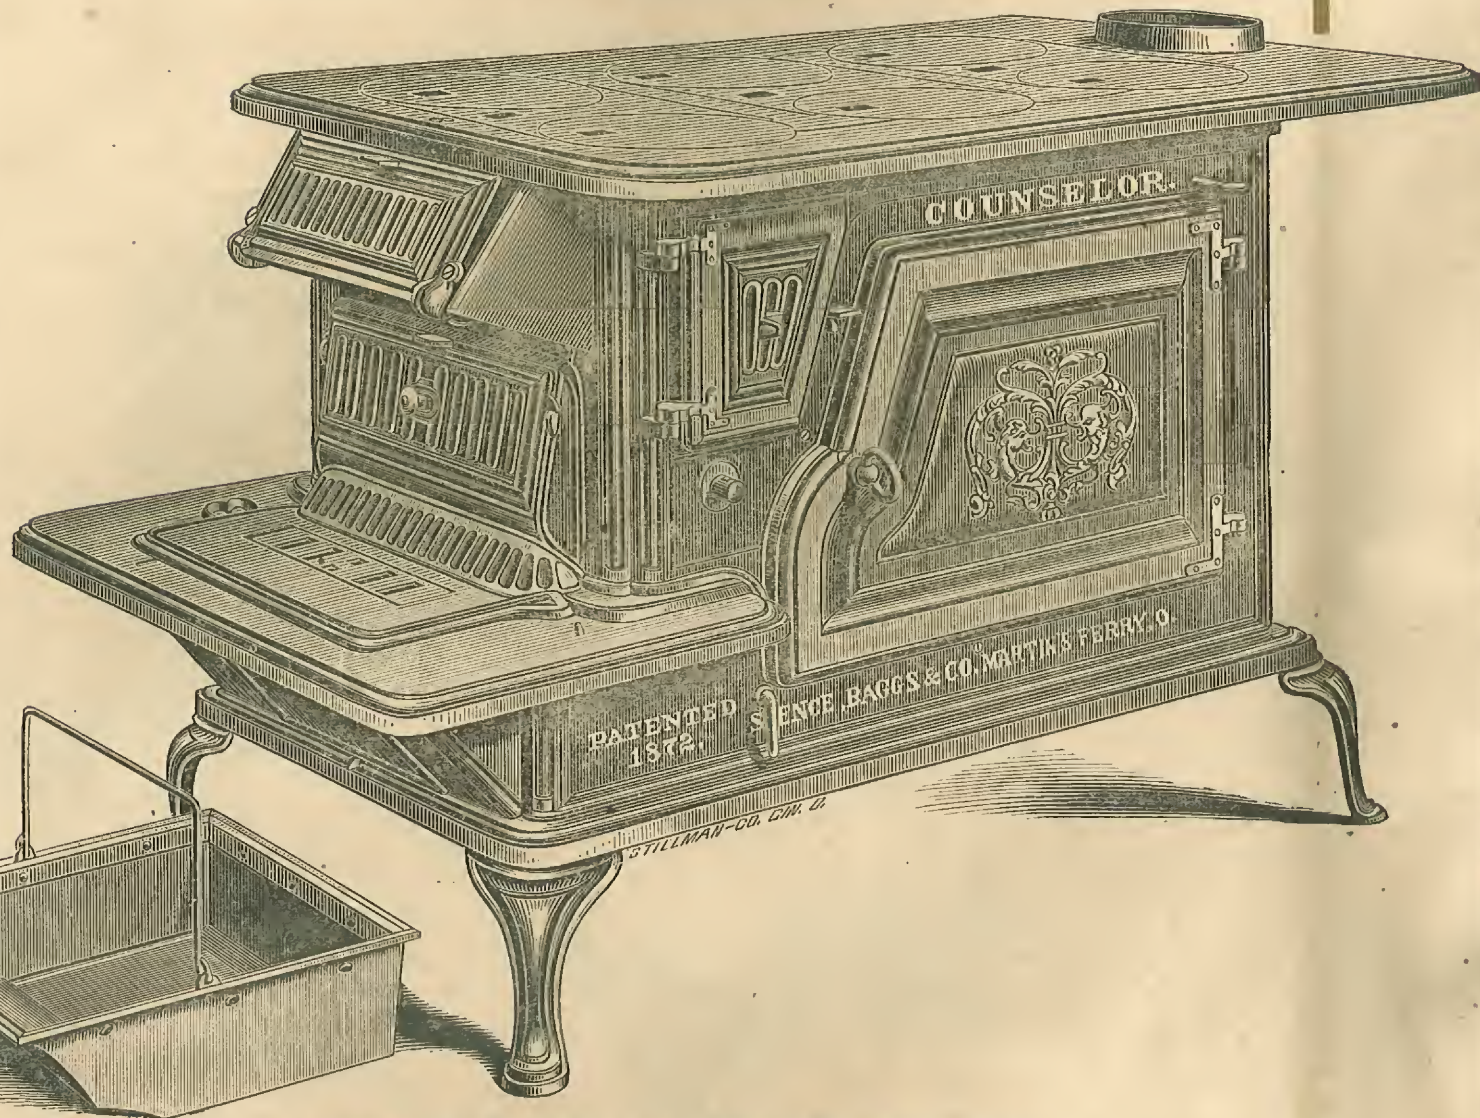

With a Cast Trimmed Stove will be sent one Lid Lifter, one Stove Scraper, two Pots, two Skillets, two Griddles and one Iron Heater.

With a Full Trimmed Stove will be sent all the foregoing articles, and also one Wash Boiler, one Coffee Boiler, one Steamer, two Bake Pans, one Drip Pan, one Tea Kettle, two Joints of Pipe and one Elbow.

COUNSELOR.

The following cut represents the celebrated "Counselor," a strictly first-class Cook Stove, not excelled by any now offered to the trade. It has been extensively introduced, and always gives entire satisfaction. The oven is large, and the doors of same are fitted perfectly air-tight and lined with tin reflectors. It has drop feed door, which has been proven to be the most durable and convenient kind in use. Both the upper and lower front doors are fitted with registers for regulating the draft. The ash pan is of the latest improved kind. We can furnish soapstone linings or iron, as desired. We have six sizes of the 4-hole Counselor, viz: Nos. 77, 7, 88, 8, 99, 9, and three sizes of the 6-hole or extension top, viz: Nos. 7, 8, and 9. We also have Tin Hot Closets and Reservoirs for the 6-hole Counselor, making it a complete stove in all respects. We would call attention to the size of the Counselor, and state that the No. 7 and 8 will be found to be as large as the general sized Nos. 8 and 9 of common stoves.

SPENCE, BAGGS & CO.

COUNSELOR.

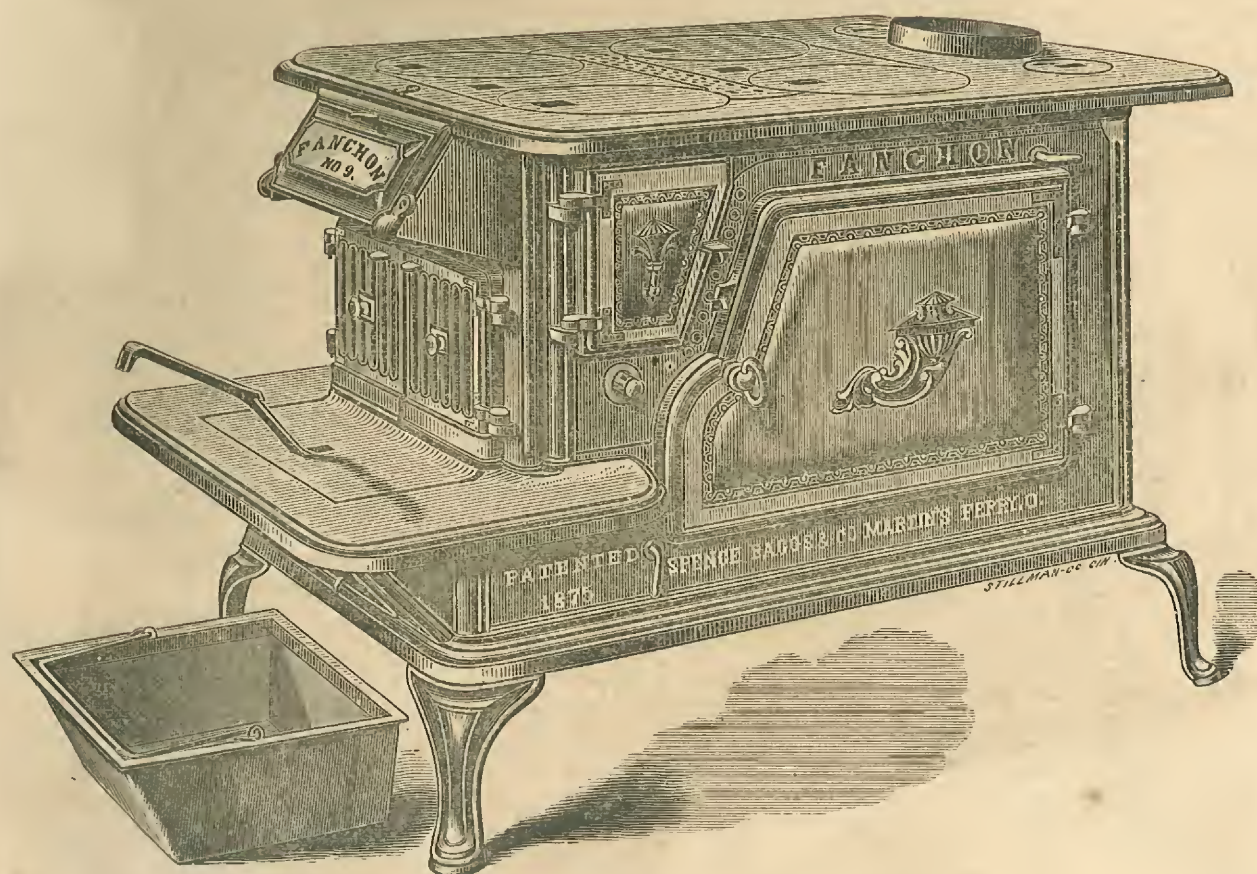

FOR COAL OR WOOD.

	Without Cast Ware.	With Cast Ware.	Full Trimmed.
No. 77 has four 7-inch holes.	\$15 00	\$17 50	\$25 00
" 7 " " 7-inch "	22 50	25 00	32 50
" 88 " " 8-inch "	23 50	26 50	34 50
" 8 " " 8-inch "	26 75	29 75	37 75
" 99 " " 9-inch "	28 00	31 50	40 00
" 9 " " 9-inch "	31 00	34 50	43 00

SIX-HOLE OR EXTENSION TOP.

	Without Cast Ware.	With Cast Ware.	Full Trimmed.
No. 7 has six 7-inch holes.	\$23 50	\$26 00	\$33 50
" 8 " " 8-inch "	31 25	34 25	42 25
" 9 " " 9-inch "	36 80	40 30	48 80

SPENCE, BAGGS & CO.

FANCHON.

FOR COAL OR WOOD.

The Fanchon Stove, here represented, can be recommended as a durable and convenient Stove, having no objectionable features and possessing many excellencies that render it a favorite with all who use it.

	Without Cast Ware.	With Cast Ware.	Full Trimmed.
No. 7 has four 7-inch holes.	\$15 00	\$17 50	\$25 00
" 8 " " 8-inch "	23 50	26 50	34 50
" 9 " " 9-inch "	28 00	31 50	40 00

SPENCE, BAGGS & CO.

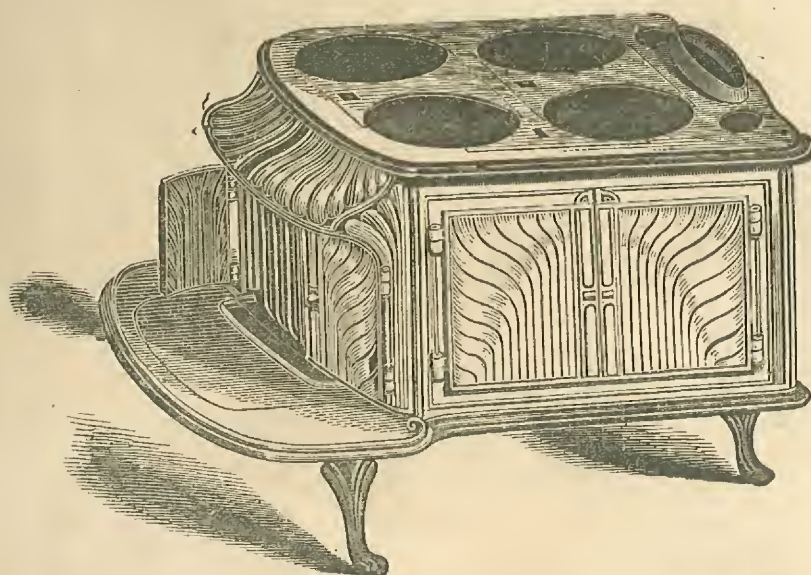

TORCHLIGHT.

Operates on COAL OR WOOD.

	Without Cast Ware.	With Cast Ware.	Full Trimmed.
No. 7 has four 7-inch holes.	\$16 00	\$18 50	\$26 00
" 8 " " 8-inch "	19 00	22 00	30 00
" 9 " " 9-inch "	22 00	25 50	34 00

The Torchlight Stove, as represented above, is well and favorably known. Its large oven and deep flues render its baking qualities equal to the best. To prevent the top rim from cracking it is made in two parts. It operates equally well with wood or coal.

SPENCE, BAGGS & CO.

TROPIC.

FOR COAL.

	Without Cast Ware.	With Cast Ware.	Full Trimmed.
No. 7 has four 7-inch holes.	\$15 00	\$17 50	\$25 00
" 8 " " 8-inch "	17 75	20 75	28 75

The Tropic Stove, here represented, has been before the public for quite a number of years, but the demand for them is as great now as ever. It has proven itself to be a durable Stove, bakes well, and is free from all objections.

SPENCE, BAGGS & CO.

INDIANOLA.

FOR WOOD.

	Without Cast Ware.	With Cast Ware.	Full Trimmed.
No. 7 has four 7-inch holes.	\$15 00	\$17 50	\$25 00
" 8 " " 8-inch "	17 75	20 75	28 75
" 9 " " 9-inch "	20 75	24 25	32 75

The Indianola Wood Stove, represented above, has no superior. Its large oven, well arranged fire box and excellent baking qualities, render it a very saleable stove and a favorite with all who have used it. Top rim is made in two parts.

No. 7, takes in 22 inch Wood; Size of Oven 19x17, and 12½ inches high.

" 8, " " 25 " "	" " " 22x19½, " 13½ " "
" 9, " " 26 " "	" " " 24½x21½ " 14½ " "

SPENCE, BAGGS & CO.

KENTUCKIAN.

FOR WOOD.

	Without Cast Ware.	With Cast Ware.	Full Trimmed.
No. 7 has six 7-inch holes.	\$17 00	\$18 50	\$26 00
" 8 " " 8-inch "	19 50	22 00	30 00

The "Kentuckian," as shown above, is a good Wood Stove, quite a favorite with farmers on account of the large, rough wood for which the fire box is especially adapted. We warrant it to work well.

No. 7 takes in 24 inch Wood; Size of Oven 18x16½, and 8½ inches high.

" 8 " " 26 " " " " " 20x19, " 9 " "

SPENCE, BAGGS & CO.

NATIONAL.

FOR WOOD.

	Without Cast Ware.	With Cast Ware.	Full Trimmed.
No. 6 has four 6-inch holes.	\$ 7 50	\$ 9 50	\$17 00
" 7 " " 7-inch "	9 75	12 25	19 75
" 8 " " 8-inch "	12 75	15 75	23 75

Persons in want of a cheap Wood Stove will find the above to answer their purpose in every way. It has a convenient fire box, good sized oven, and is an excellent baker.

No. 6, takes in 18 inch Wood; Size of Oven 13x10, and 7 inches high.

" 7, " " 19 " " " " " 15x12, " 7 " "
" 8, " " 24 " " " " " 17x13, " 8 " "

SPENCE, BAGGS & CO.

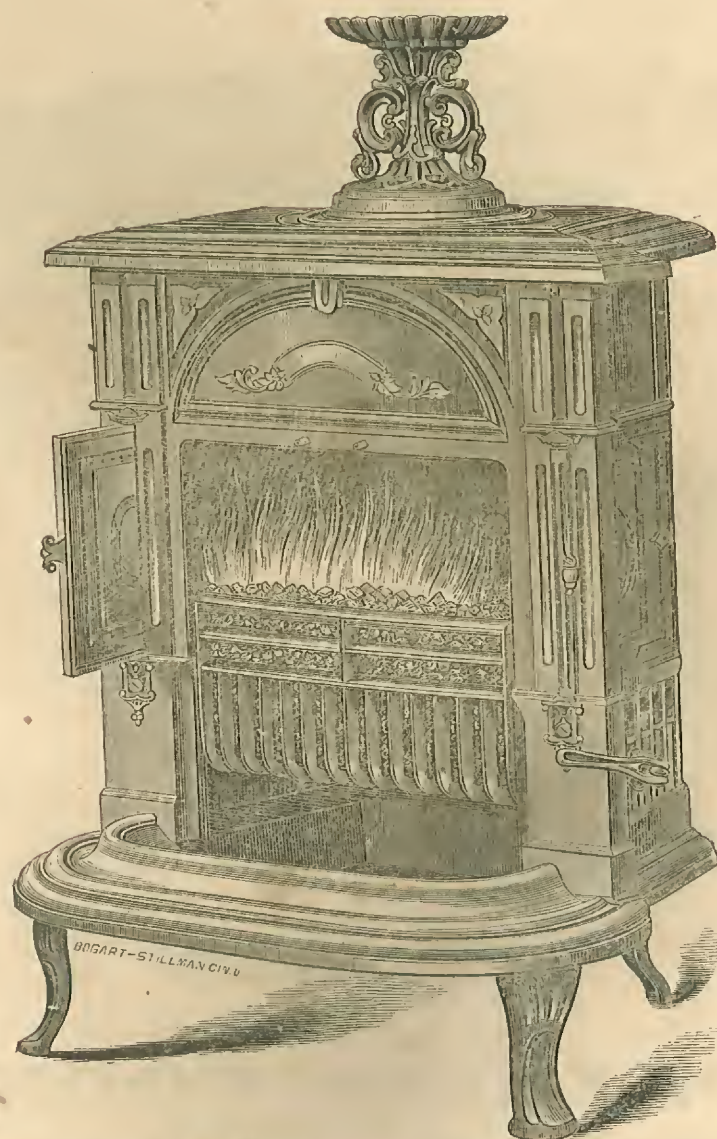

SHARON. FOR COAL OR WOOD.

No. 22, - - - - \$13 00

The Sharon Parlor Stove, as here represented, has only been before the trade a short time. Enough of them have been sold, however, to secure for it the highest recommendations. It is adapted to burning either coal or wood. It has shaking and dumping grate, and an unusually large fire bed. The ornamental top can be removed or swung around, giving access to the wood top, which, for cooking purposes, has been arranged with two No. 8 lids.

SPENCE, BAGGS & CO.

WELLS' FRANKLIN.

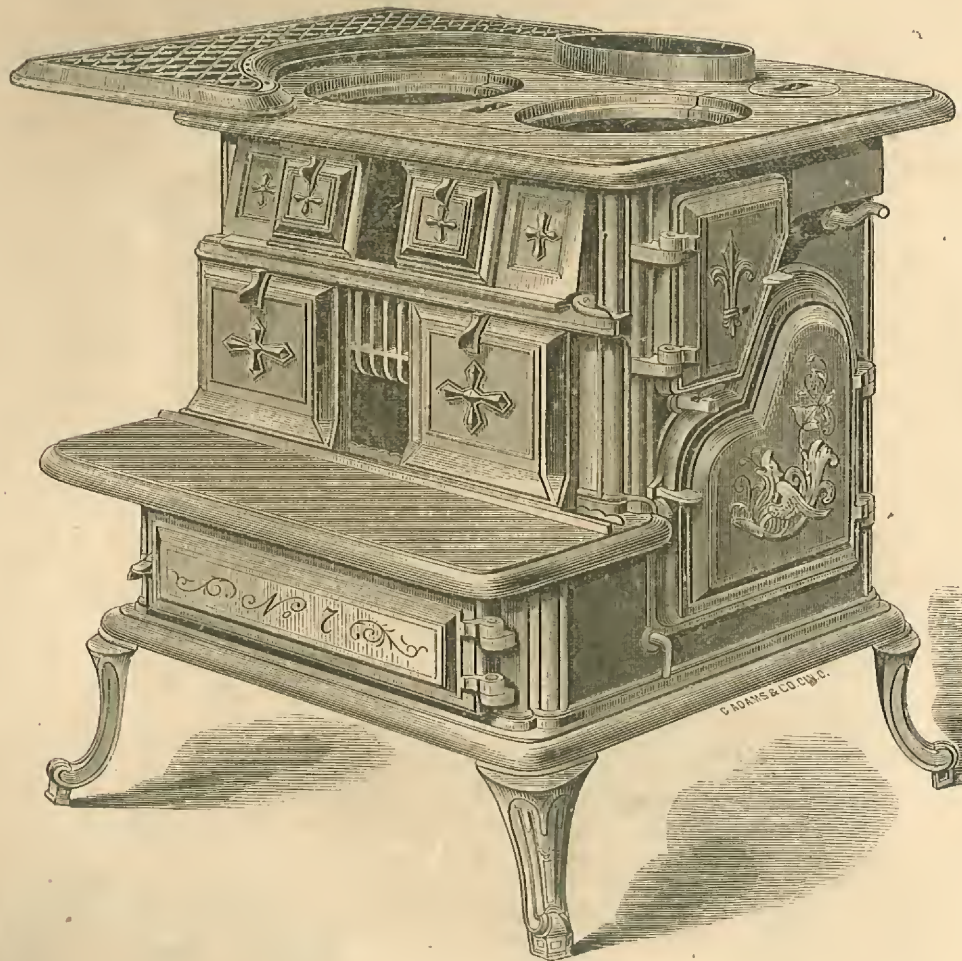

FOR COAL.

No. 1,	-	-	-	-	-	-	\$10 00
No. 2,	-	-	-	-	-	-	13 00

The above cut represents the "Wells' Franklin," one of the latest improved Parlor Stoves out. Its handsome appearance, cleanliness, improved fire dome and reversible pipe collar, combine to make a desirable stove. It is arranged for either iron or tile linings. It also has shaking and dumping grate.

No. 1—Opening 13 inches. No. 2—Opening 15 inches.

SPENCE, BAGGS & CO.

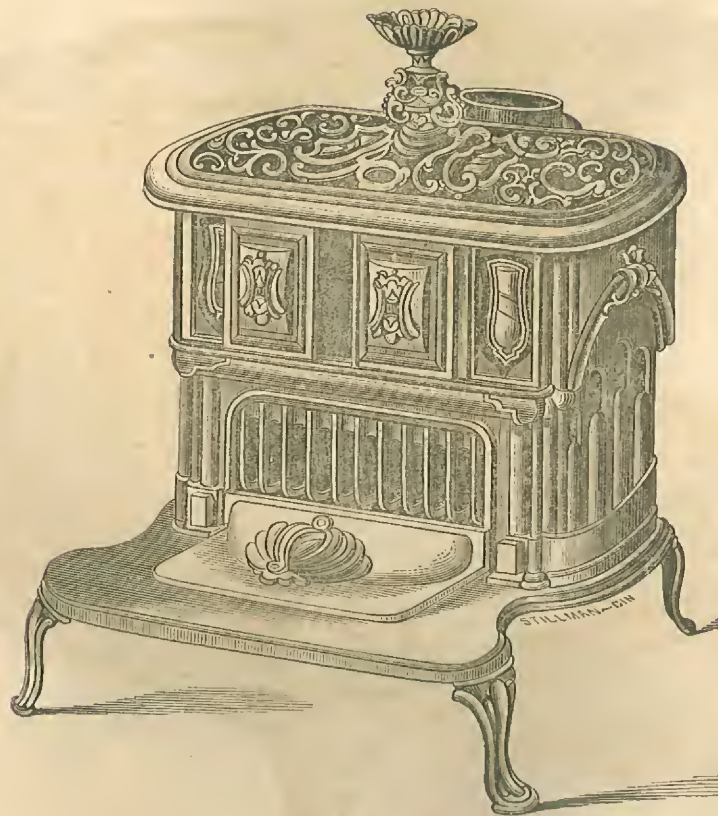

PARLOR COOK.

FOR COAL OR WOOD.

No. 7,	-	-	-	-	-	-	\$10 00
No. 8,	-	-	-	-	-	-	13 00

The "Parlor Cook," as shown here, is a very convenient stove, and will work well. It has shaking and dumping grate, sliding doors, ornamental cover which can be removed or swung around, as represented in cut, thus making an enlarged top, convenient for setting ware upon. This stove can be recommended as a perfect baker. It is adapted to burning either coal or wood.

SPENCE, BAGGS & CO.

SCOUT.

FOR COAL.

No. 6,	\$4 50
" 7,	5 75
" 8,	6 75

For a Cheap Parlor Stove the above will be found to meet every requirement. It is of neat appearance, cleanly, has reversible hearth plate, with which the opening in front of grate can be closed. Ornamental top, which can be removed, giving access to the top, which is arranged for cooking purposes.

SPENCE, BAGGS & CO.

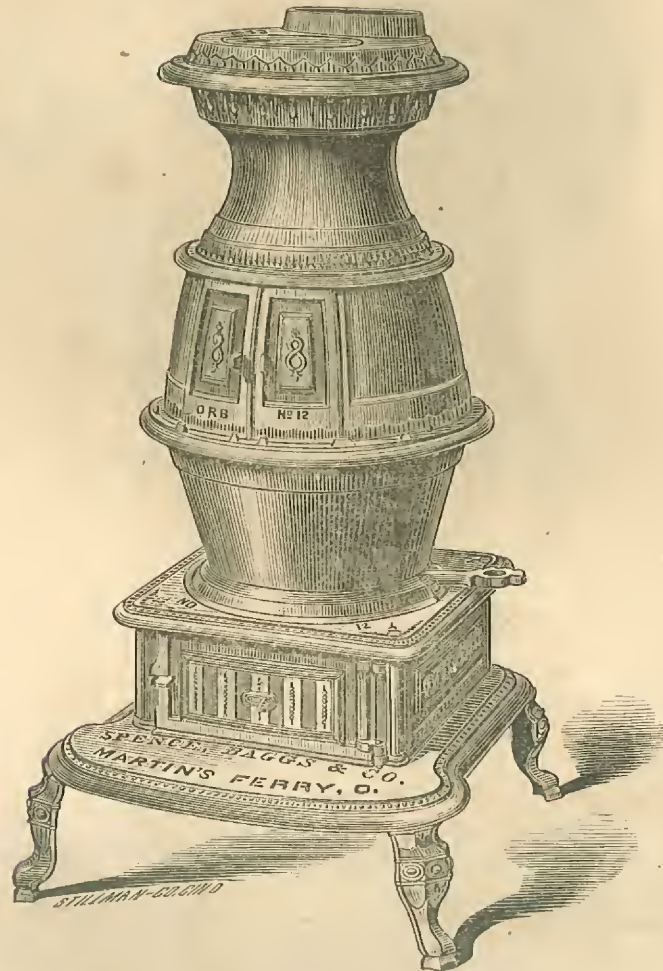

BURN SIDE.

FOR COAL.

No. 1,	\$24 00
" 2,	18 00
" 3,	15 00
" 4,	13 00

The Burnside Heating Stove, represented above, is too well and favorably known to need any introduction from us. As this stove was first manufactured in our Foundry, we still try to keep abreast of every improvement which time and experience suggests. We recommend this as a durable stove, free from all objections, and always sure to give satisfaction. It has shaking and dumping grate, and registers in feed door and base

SPENCE, BAGGS & CO.

O R B.

FOR COAL.

No. 10,	-	-	-	-	\$ 8 00 .
11,	-	-	-	-	10 00
12,	-	-	-	-	12 00

The above Stove is considered by the trade to have no equal in beauty of design and real merit. Possessing all the modern improvements that are really valuable it can be recommended as being superior to any stove yet introduced.

SPENCE, BAGGS & CO.

IRON CLAD.

FOR COAL.

No. 2,	\$7 00
" 3,	9 00
" 4,	12 00

The above cut represents the Iron Clad, a cheap heating Stove. Its handsome appearance, convenient top, shaking grate and register in feed door, are some of the advantages which make this a very saleable Stove.

SPENCE, BAGGS & CO.

TEA KETTLE.

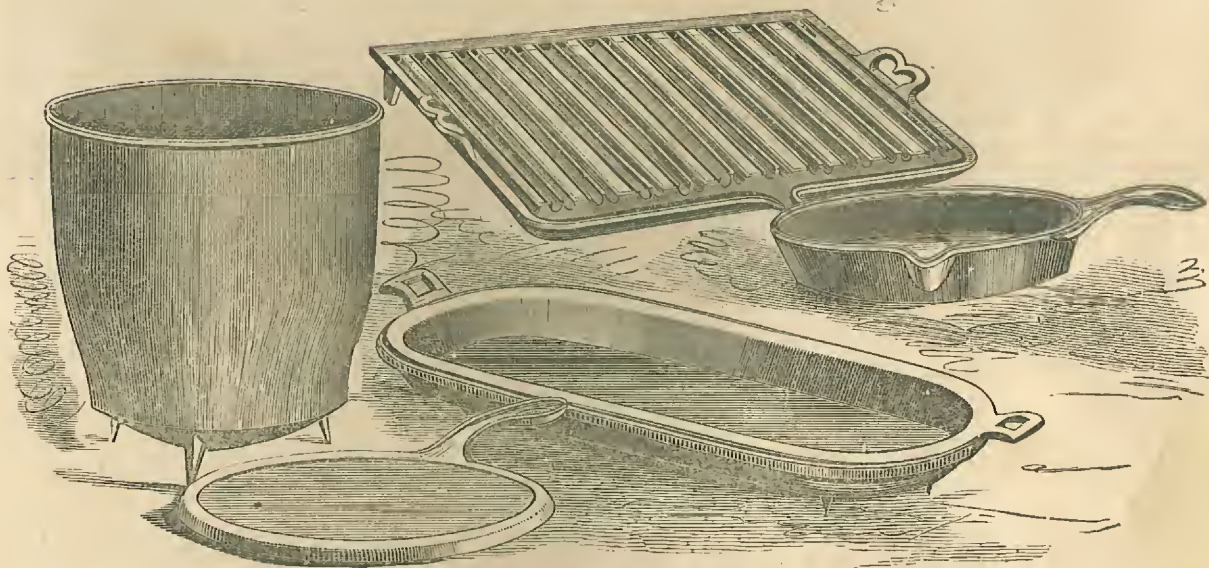

SWINGING LID.
